

**For Immediate Release**

**Ontario-based distributor Weston Forest announced that Kyle Gibbons has been promoted to Manager of it's Truss Lumber Sales Group**

**Mississauga, Ontario (September 11, 2014)**

Kyle joined the Weston Forest Purchasing team in 2009 as a junior SPF lumber buyer. He quickly became a vital part of the Purchasing team managing all of Weston's external logistics, moving truck, rail and intermodal traffic throughout North America. Most recently, Kyle was integral in the creation and management of Weston's Mill Sales division, establishing an exclusive sales agreement for a group of sawmills in northern Ontario. In addition to all of these responsibilities, Kyle has steadily increased his sales volume in the Trading group.

"Kyle has been a key component of our Trading group's rapid growth," said Steven Rustja, "His experience and tenacious customer service make him the ideal Manager for one of Weston's fastest growing business units."

Kyle will be reporting to Steven Rustja, Vice President of Trading.

Weston Forest is the largest distributor of forest products to the crating and packaging industry in Canada, as well as a major supplier to Canada's growing infrastructure sector, Truss Manufacturers, Retailers and several other niche markets. Weston has recently expanded into the United States with a new US Commodity Trading group.
