For Immediate Release

Weston Forest requalifies as one of Canada's Best Managed Companies

Mississauga, Ontario – March 9, 2017

Steve Rhone, President, is pleased to announce that Weston Forest has once again been acknowledged as one of Canada's Best Managed Companies for 2016. This marks the third consecutive year that Weston has received this prestigious award.

Sponsored by Deloitte, CIBC, National Post, Queen's School of Business and MacKay CEO Forums, the program attracts hundreds of applicants that all demonstrate a culture of excellence and innovation. According to Peter Brown, co-leader of the program and senior practice leader at Deloitte Canada, "These are great companies with great leadership teams that aspire to be more, and they tell a great story that deserves to be told." Brown goes on to say, "What really makes this a special program is that it celebrates teamwork. To build a great company, you have to build a strong foundation. That's the real secret to this program—it celebrates team success and the ability for a company to grow beyond its original entrepreneur."

Steve Rhone couldn't agree more, stating, "We are honoured to be in the company of such a diverse and distinguished group of winners." Rhone added, "We have an excellent team of people throughout Weston Forest, and I would like to thank them for their dedication. They have embraced our culture of continuous improvement and are the reason that we continue to get the recognition and results that we do. "

Weston Forest. You'll love doing business with us.

Weston Forest is one of North America's leading distributors and remanufacturers of softwood & hardwood lumber and specialty panel products. Weston's various business units serve the industrial crating and packaging sectors, provide specialty products to the construction and infrastructure sectors, and manufacture and distribute a wide variety of products to Lumber and Building Material dealers.
